

# **VOLKER HEALTH CARE BEDS SELECTED FOR VICTORIAN PATIENT CARE**

## Innovate Care Awarded Contract with Health Purchasing Victoria for its Range of Volker Health Care Beds

**MELBOURNE, January 31** — Innovate Care, specialists in delivering the Australian healthcare industry state-of-the-art products for hospitals, aged-care facilities and at-home patient care are pleased to announce the inclusion of Volker Health Care Beds in the 2019 Health Purchasing Victoria Common Catalogue.

Health Purchasing Victoria (HPV) work in partnership with public hospitals and health services to improve the collective purchasing power of Victorian public health services and hospitals. Their Common Catalogue – a single source of product and pricing information - significantly improves management of the Victorian public health supply chain, supporting new initiatives to improve patient safety.

Innovate Care Director Tim Cohen stated that “It was the first time in 6 years that HPV have come back to the market for hospital beds and the competition for this contract was particularly fierce. Pleasingly the high-level functionality and state-of-the-art design of the Volker bed, was able to shine through.”

Volker Health Care Beds, designed and manufactured in Germany are world-leaders in innovative patient care. Innovate Care, the authorised distributor for Volker in Australia and New Zealand looks forward to more Australian health care patients benefiting from the Volker level of excellence.

“All the team at Innovate Care are absolutely delighted” added Innovate Care Director Chris Pearson. “By being successful in this tender, the public health sectors that include, acute, long term & community care networks of Victoria can now officially access the benefits of Volker.”

# About Innovate Care
